SPECIAL USE PERMIT CERTIFICATE

Article XI, Division A, Section 11-510 of the 1992 Zoning Ordinance of the City of Alexandria, Virginia requires that you display this special use permit in a conspicuous and publicly accessible place. A copy of the list of conditions associated with the special use permit shall be kept on the premises and made available for examination by the public upon request.

Special Use Permit #2011-0065

Approved by Planning and Zoning: November 11, 2011

Permission is hereby granted to: Jin M. Oh d/b/a Sushi Naru

to use the premises located at: 540 John Carlyle Street

for the following purpose: see attached report

It is the responsibility of the special use permit holder to adhere to the conditions approved by City Council. The Department of Planning and Zoning will periodically inspect the property to identify compliance with the approved conditions. If any condition is in violation, the permit holder will be cited and issued a ticket. The first violation carries a monetary fine. Continued violations will cause staff to docket the special use permit for review by City Council for possible revocation.

SUBJECT: Special Use Permit #2011-0065
Administrative Review for Change of Ownership
Site Use: Restaurant
Applicant: Jin M. Oh d/b/a Sushi Naru
Location: 540 John Carlyle Street
Zone: CDD#1 / Coordinated Development District #1

Request

Special Use Permit #2011-0065 is a request to change ownership of an existing restaurant from Joyce Abdullah to Jin M. Oh. The applicant will operate a sushi restaurant, to be called Sushi Naru, which will have no live entertainment and will offer fewer indoor and outdoor seats and an earlier closing hour compared to the prior restaurant at this site.

Background

Prior Approvals

The Carlyle Master Plan was first approved by SUP in 1990, and has been amended several times since then, most recently in March 2010 (SUP#2009-0081). Staff administratively approved DSP#2001-0033 for the construction of the subject building, known as Carlyle Block L, in 2001. The prior restaurant at the site, known as Zikrayet, was first approved administratively by staff in 2007 pursuant to Condition #102A of the Carlyle SUP, which allows full service restaurants to be approved administratively subject to specific standards. Prior to actually opening the restaurant, the applicant applied for an SUP amendment to allow live entertainment and extend the hours of operation, which was approved by City Council in January 2008 (SUP#2007-0114).

Enforcement Matters

City staff has received several complaints from residents living near Zikrayet restaurant in the last three years. The significant enforcement initiative that resulted from these complaints, which is detailed in memorandums to City Council from earlier this year and attached to this case file, involved multiple City departments and dozens of site visits spanning from early summer 2008 through this year. The most common complaint has been loud music and other noises from the restaurant being heard in residential condominium units late at night. Additional complaints have included: loud and unruly patrons (particularly at close of business), possible live entertainment in outdoor dining area, the operation of a nightclub and assessment of a cover charge, cigarettes and litter from the restaurant going uncollected along John Carlyle Street, and cigarette smoking on

sidewalk below residential windows. Despite its enforcement efforts, Planning & Zoning staff has not found any violations of SUP conditions at the existing Zikrayet restaurant. On a few occasions in 2011, however, the Police Department has issued citations to the Zikrayet for violations of City's noise ordinance.

Recent Developments

Based on the significant history of complaints at Zikrayet, the Director determined in mid-September that this administrative change of ownership request should be brought forward to Planning Commission and City Council as a full hearing case pursuant to Section 11-511(C)(2) of the Zoning Ordinance. In mid-October, staff agreed to the property owner's request to revert the case back to an administrative approval based on input from affected residents and the Carlyle Square Condominium Association that staff had addressed their concerns through amendments to the existing SUP condition language to restrict the closing hour and to eliminate live entertainment.

Community Outreach

Public notice was provided through eNews, via the City's website, and by posting a placard on the site. In addition, the Carlyle Square Condominium Association and the Carlyle-Eisenhower Civic Association were sent e-mail messages with information about the current application. Staff also contacted individual unit owners in the Carlyle Square Condominium who had reported concerns about the prior restaurant.

Staff Action

Staff supports the change of ownership request, noting that the proposed restaurant is a good fit for a tenant space located immediately below residential uses. The proposal represents an opportunity to retain a restaurant use at the site, thereby contributing to the viability of ground-level commercial uses in Carlyle, while eliminating the operational elements of the prior restaurant that proved objectionable to adjacent residents and necessitated a significant enforcement initiative.

Staff believes that its proposed conditions, which have been agreed to by the applicant and reviewed by adjacent neighbors, will eliminate the potential for the noise impacts reported by neighbors over the last three years. The new proposed closing hour (Condition #6) of 9:30pm Sunday-Thursday and 10:30pm on Friday and Saturday is more typical for an eating establishment and much earlier than the 12:00 midnight and 1:30am closing hours approved under the prior SUP. The reduction in indoor and outdoor seating from a total of 186 to 125 seats (Condition #4) translates to a lower noise potential given that fewer people will be in the restaurant at any one time. Most significantly, the elimination of all live entertainment and sound amplification except for soft background music to the satisfaction of the Director of Planning & Zoning (Conditions #30 and 31 respectively) will remove the possibility of the nightclub-like atmosphere as was alleged at Zikrayet.

Staff hereby approves the Special Use Permit request.
